

## DAFT-41 4 IN 1 COMBINER

### FEATURES:

- Suitable for combining or splitting FM, DAB, UHF and Satellite-IF bands signal
- Excellent SAT to UHF isolation allows use for combining LNB and the UHF antenna with negligible degradation of the UHF signals
- Low insertion Loss, high isolation
- DC line power and control signals passing to SAT port
- Full screened
- Weatherproof outer plastic housing, with fixing plastic clamp

### TECHNICAL SPECIFICATIONS:

	FM	DAB	UHF	SAT
Bandwidth	88~108MHz	174~240MHz	470~862MHz	950~2400MHz
Insertion loss	<1dB	<1dB	<1dB	<2dB
DC line power pass	----	----	----	max. 20V/400mA
Isolation	>25dB			
Return loss	>10dB			
Connector	F type (75Ω)			
Dimensions	88(H) x 160(W) x 45(D)mm
